Sit Sling

HUMAN CARE
Your Life. Your Way.

Versatile
Upright Seating
Divided Legs

The Sit Sling is a shoulder height model with divided and reinforced leg parts as well as a reinforced back. It is designed to give the patient extra support and is a good solution for those users with poor trunk stability.

Versatile

The Sit Sling is made of a Polyester fabric which makes sling application fast and simple. Because of its easy application, this sling can be used for most lifting situations. The sling design creates an upright seating that ensures proper positioning when the patient is placed in a chair.

Extra Support

The Sit Sling features a reinforced back and leg parts that offer additional support throughout the back area for those users with poor trunk stability. The Sit Sling can be used with or without an optional waist belt that is available in an assortment of sizes with a Velcro or buckle closure.

Easy Care and Easy Fit

Our slings are manufactured to the highest quality standards. They feature reinforced straps and high strength nylon webbing around the sling to make them strong enough to resist even the most active use. Each sling label is colour coded to ensure quick and easy selection of the correct sling and the straps are colour coded for easy determination of required positioning.
